## Surplus in County Health Department Stirs Supervisors

GRAND HAVEN (Special)—At its second meeting of the current session Tuesday, the Board of Supervisors discussed and adopted several reports which had been filed the previous day.

These reports came from the county treasurer, clerk, probate court, health department, juvenile division of probate court, county agricultural agent, 4-H club and home demonstration agent, register of deeds, friend of the court and adult probation, and the county sheriff.

Referring to the health department report, John Galien of Holland suggested that \$10,000 of the \$15,000 surplus should be returned to the general fund. He said no department should have a surplus of \$15,000 to \$25,000 from one year to another and it was the responsibility of the board to control the money. He said the department had a surplus of \$25,000, but \$10,000 had been taken off for the coming year.

Jacob Ponstef of Grand Haven, member of the health committee, said functions of the health department are varied and need a certain fluctuating margin. He said local funds are involved with state funds and he felt it was not possible to return any funds to the county.

Henry Slaughter of Tallmadge township said the department has taken on four additional TB cases last month in which the state pays \$3.50 per diem and the county pays the balance. He said if the load rises it would be unfair to come to the county every 30 days for more appropriations. Galien replied he didn't think it was good business to have a \$25,000 surplus in one department, and that if needed there could be a definite authorization by the committee.

Replying to a question from Dr. D. C. Bloemendaal of Zeeland, Mrs. Charles Van Duren, juvenile county welfare agent, said most violations consists of breakings and enterings, car theft, school truancy and sex crimes, mostly because children are unable to make normal adjustments because of bad homes.

She said her department at present is dealing with a 10-year-old shoplifter, also five boys 15 and 16 for break-ins and car thefts. She said in a county population of 75,000, there are between 25,000 and 28,000 juveniles under 21 and out of that number she officially listed 84 delinquents last year, a small percentage of juvenile population.

Albert Heyn of Grand Haven township called attention to shore erosion damage caused by high lake levels in a lengthy report. He reported on a meeting he and William Omer attended with U.S. Rep. Gerald R. Ford in Chicago. Since the state legislature does not deal with the problem, Cong. Ford advised county boards be instrumental in establishing a new commission through the legislature and Congress.

Galien called attention to a county surplus on hand as of Jan. 1 of \$184,516.11 which consists of \$79,916.11 in the general fund and \$104,600 in investments. Receipts for 1953 list approximately \$50,000 with taxes amounting to \$489,014.94.

John Hassold of Chester township provided a bushel of apples and a crate of tangerines came from Neal Van Leeuwen of Spring Lake township, member of the county road commission.

Justice Workman calls attention to the fact that a number of warrants have been issued out of his court for persons who trespass on other people's property by parking their cars, and scattering beer bottles and cans, papers on such property. Three already have appeared and paid \$5 fine and \$7.40 costs, and two more are expected to appear later.

## 19-Year-Olds Will Be Included in February Draft

GRAND HAVEN (Special)—Ottawa county will start drafting 19-year-olds in February, the county board revealed Wednesday.

The first 19-year-olds will be included in the next draft group of 14 men leaving on Feb. 4, chief clerk Eunice Morford said today. Most of the February group will be 20-year-olds, she said, but the board has received orders to fill out the quota with 19-year-olds.

The March call, which has not been received as yet, also will include 19-year-olds, she said. By that time, Mrs. Morford added, some of today's 19-year-olds will be 20 years old.

The January draft quota left Wednesday, with 39 men included in the group. They were to be taken to Detroit by bus for induction Thursday. All men Wednesday were 20 years or older, Mrs. Morford said.

Of today's group, 13 men were from Holland, eight from Zeeland, six from Grand Haven and the rest from scattered parts of the county. The January quota practically exhausted the 20-year-old bracket, the clerk said.

The February call for 14 men is the lowest quota for Ottawa county in several months.

Next, pre-induction physical examination call has been received for Feb. 16, when 55 men will take exams. All of these will be in the 19-year-old age bracket.

## Phone Company Again Top Donor

The Michigan Bell Telephone Company again in 1952 was the largest single contributor to the State Primary School Fund with a payment totaling \$7,178.184.

According to figures released today by Andrew G. Sall, manager here for Michigan Bell, \$16,297 of the total was allocated to the public school system of Holland.

Schools throughout Ottawa County, including the city of Holland, received a total of \$92,982 from the company's tax payment.

Sall said the payments were based on a school census of 3,450 in Holland and 19,683 in Ottawa County, as compiled by the State Department of Public Instruction.

The company's tax payment this year, largest in its history, amounted to \$4.72 for each of the 1,519,514 youngsters in the state between the ages of 5 and 19 who are on the census rolls.

Michigan Bell, in common with the Dynamic Manufacturing Co., Big Beaver, Oakland County, after the company obtained a Supreme Court order March 11, 1952, restraining the union from picketing the plant.

## County Agent To Retire Soon

GRAND HAVEN (Special)—Leo R. Arnold, Ottawa's county's agricultural agent since 1934, will retire when he becomes 65 years old on June 30, but the Board of Supervisors at its closing session Wednesday afternoon passed a resolution that he be retained after his retirement until Oct. 1 when a successor will be available.

Richard A. Machiele, who has been designated new county agricultural agent, is currently Kent county agricultural agent. Now 41 years old, he was reared in Blenden township, was graduated from Michigan State college in 1940 and was assigned to Kent county as assistant agent right after graduation.

When K. K. Vining retired as county agent four years ago, Machiele took over. During that time Machiele spent a four-month leave in Northern Canada to work with immigrants from the Netherlands on a project.

The Machiele family will continue to live in their present residence which is within five miles of the county line until the eldest of the three sons is graduated in June. After that, the family expects to move into the Grand Haven area.

Supervisors passed both resolutions, one hiring Machiele and the other approving the after-retirement employment of Arnold. Both resolutions also are subject to approval by Michigan State college.

## Hospital Benefits From Proceeds Of Horse Show

Proceeds from the annual Horse Show at Castle Park last August will be used to purchase a pipette washer for the laboratory of Holland hospital, according to the decision of the Holland City Hospital Auxiliary at its board meeting Wednesday afternoon. The horse show committee had named the newly organized auxiliary as beneficiary for the funds.

Decision to purchase this type of equipment came as the result of study by the hospital board and Director Fred S. Burd. Many pipettes are used daily in the lab for blood counts and blood chemistry and it is essential that they be thoroughly clean.

The hospital lab is set up to run about 40 different blood chemistries. Not only will the new equipment improve the quality of service to the hospital patients but it will save much time which is now expended by professional technicians. Such a washer costs in the neighborhood of \$135.

In other business, the auxiliary board announced that the local auxiliary has been approved for membership in the national and state organization. After formal approval, the local group will become auxiliary members of the American Hospital association and the Michigan Association of Hospital Auxiliaries, and will receive the benefits of their advice, their problem referral service, manuals, reports and annual conferences through which members share ideas and experiences.

Mrs. J. J. Brower of the constitution committee read the proposed constitution for the board to consider and discuss. As soon as possible, the board's recommendations for changes will be made, and the document will be subject to approval by the hospital board and the entire membership of the auxiliary.

Mrs. Raymond H. Fehring, who presided, also announced the following recent appointments: Mrs. Adrian Klaasen, monthly bulletin editor; Eleanor Duffy, membership chairman; Mrs. William G. Winter, Sr., historian.

**Farm Bureau Discusses  
School Heating Equipment**

Heating equipment for schools was the subject for discussion at the meeting of the North Holland Farm Bureau last Thursday, and the group came to several conclusions on their local situation.

The local school has regular inspection of heating equipment, and the group went on record as having no objection to the law requiring a separate heating room for new heating installation, feeling that it is for the children's protection.

As to the subject of consolidated schools and the possibility of a necessary separate heating building in the school plant, the group felt if the law requires it, it would be cheaper to put in a new heating system in a separate room than to build a consolidated school.

The group decided to donate half of its \$20 Farm-to-Prosper prize to the March of Dimes.

In other business, the group discussed traffic problems on 120th Ave. and will contact the sheriff's department and the county road commission on possibilities of street lights in South Olive.

There also was some discussion on functions of constables for each township. The law provides for four constables, but few townships have a full complement. The group felt persons of integrity should hold such positions.

Twenty-two persons were present. Edward Koop was discussion leader.

**Attend MSC Conference**

Municipal Court Judge Cornelius van der Meulen and Holland police officer Burton Borr are attending the three-day session of the Michigan Traffic Court Conference at Michigan State College in East Lansing, which got underway today.

## Voting Machine Servicing Okayed By County Board

GRAND HAVEN (Special)—At the closing meeting of the January session Wednesday afternoon, the Board of Supervisors approved a resolution submitted by the rules and legislation committee controlling remuneration for setting up and preparing voting machines. Such work the past year was in charge of Sheriff Gerald Vanderbeek and County Clerk Anna Van Horsen.

The sheriff recommended that the voting machines be put under the care of four assistants in the county under the following divisions: Holland city, 27 voting machines for city and Holland and Park townships; Zeeland city, 18 machines for Zeeland city and Blendon, Jamestown, Georgetown, Olive, Port Sheldon and Zeeland townships; Grand Haven city, 23 machines for Grand Haven city, Spring Lake, Grand Haven and Robinson to ships; and Polkton township, 13 machines covering Polkton, Crocker, Chester, Wright, Tallmadge and Allendale townships.

The resolution provides a cost not to exceed \$5 for the preparation of each voting machine, seven cents per mile, \$5 for attending a school of instruction prior to the general spring election, and seven cents per mile for traveling to and from school of instruction.

The resolution also provided that the sheriff be hired as one of the assistants to the county clerk to instruct such other assistants in the manner of preparing said machines for use in election, and that he be paid \$1.50 per hour and mileage of seven cents. The clerk also was authorized payment of \$1.50 for such time required and devoted in discharging additional duties in preparing voting machines plus mileage of seven cents. The clerk, however, will not be entitled to extra compensation when doing said work during normal office working hours, providing further that every effort be made to do said work during regular working hours.

A request from the buildings and grounds committee to improve the court house parking lot was tabled until April. Mayor Harry Harrington of Holland suggested that the blacktopping be done by the Ottawa Road commission which has the necessary equipment.

John Galien of Holland, member of the county officers' committee, reported some progress in the study of classification of county employees. He said Muskegon also is making a similar study, but considerable more information is necessary before recommendations can be made.

Jacob Ponstef, Grand Haven city attorney, at the request of Circuit Judge Raymond L. Smith informed supervisors that many persons selected for jury service are asking to be relieved of the work because of age and work. He said those making out jury lists should bear in mind the ages of persons selected. He said the county is put to added expense to replace jurors.

It was learned that Ervin Heckel, Crocker township supervisor, is a patient in a hospital in Denver, Colo., receiving treatment for a leg ailment.

The board adjourned subject to the call of the chair.

## Balance and Depth Pay Off for Dutch In Important Tilt

Balance and depth, two of the essentials of a winning basketball team came to the fore Tuesday night to point the way to Hope college's seventh straight cage victory of the season.

The Dutchmen tripped Kalamazoo 104-92 in a game that was packed with thrills and set a new Armory record for points scored in a single game.

The score was tied 15 times in the contest, and there never was more than a few points separating the teams until the final minutes of play. With a 95-92 lead and two minutes left, Hope went into a dog-or-nothing stall, and the straining Hornets fouled Hope into the final 12-point bulge.

Phenomenal scoring marked the game throughout, with both teams hitting well most of the way. Kazoo ended up with a 38 per cent field goal accuracy on 38 out of 100 shots. Hope was a trifle better, with 40 per cent on 42 buckets out of 105 shots. Kalamazoo hit 16 of 19 free throw attempts, while Hope collected on 20 of 33.

The difference, however, came in depth. Hope Coach John Visser used nine players, and all performed well for considerable lengths of time. The scoring was exceptionally well balanced, with six players hitting double figures.

Kazoo Coach Dob Gow, on the other hand, used three subs, and outside of Holland's Dave Moran who did a good job while on the floor, the replacements hurt the Hornets' attack.

Although all nine Hope men looked good, the game ball—if such a plan was carried out—likely would have gone to rebounding Bob Bolema, who hit the scoring column for 18 points, most of them at crucial moments. In addition to his new role of scorer, Bolema continued with his excellent floor generalship and defensive play.

Kazoo's outstanding boys were Gordon Dudley, who hit 32 points, and Phil Dillman, who swished through nine long shots. In fact, outcourt shooting kept Kazoo in the game, with 25 of the Hornets' 38 field goals coming from a distance.

Kazoo started hot, hitting half its shots by actual count, to hold a 36-35 lead at the first quarter. The score saw-sawed in the period, with Hope on the underside most of the way. Dudley hit 15 points and center Manny Glasser 13 in the first quarter. Hope's scoring was distributed.

As the Hornets cooled off in the second period, Hope gained ground. The score was tied six times in the period, with the Dutchmen finally building a 61-56 intermission lead.

Outscoring the home team 25-19 in the third period, Kazoo forged ahead once more to hold a period advantage of 81-80. With the undermanned Hornets visibly tiring while Hope appeared fresher because of a partial two-platoon system, the Dutchmen caught up in the final period. One of Bolema's long shots gave Hope an 89-87 lead with just over six minutes left.

Although Kazoo tied the count at 90-all a moment later, Hope jumped ahead to stay as Bob Hendrickson dumped in a short fielder, and Bolema sank another long one and a free throw. Dillman's outcourt shot made it 95-92 and Hope put on the semi-stall with two minutes to go.

The 100th point came on a fast break bucket by Jerry Jacobson. Five free throws and two buckets by Jacobson pyramided the final tally in favor of Hope.

The win was the fourth in MIAA play for Hope, while Kazoo now has a 2-2 league mark. Next game for the Dutch will be Saturday at home against Hillsdale.

## Hope Freshmen Rally for Win

Coming from behind in the last half, Coach Larry Green's Hope college junior varsity team won its first game of the season Tuesday night at the Armory, turning back the Kalamazoo Jayvees 58-53. The game was played as a prelude to the Hope-Kalamazoo MIAA game.

The visitors established a 34-29 lead at the halftime, but Hope caught up in the third quarter and went on from there to win. The Dutch outscored Kalamazoo 29-19 in the last half.

Harold Molenaar was high point man for the game with 21 points to lead Hope. Carl Vander Laan, who saw only limited service, still jumped in 12 points and Alden Klompars scored 11.

For Kalamazoo, Stu Siegel was high with 18 points.

The win was the first after three defeats for Hope.

Hard-fought action, as exemplified in the above photo, highlighted Tuesday's MIAA basketball game at the Armory in which Hope defeated Kalamazoo 104-92. With the ball is Hope's Bob Visser, while Kalamazoo's John Stommen (43) appears to be reeling away from a kick applied by the unseen owner of the orphan leg in the middle of the picture. ## Two Little Dutch Teams Score Wins In Close Contests

The Holland eighth and ninth grade basketball teams both scored narrow decisions in games this week. The ninth grade crew came from behind to nip a strong Benton Harbor squad at Benton Harbor Tuesday 41-37, while the eighth grade squad turned back Waukazoo 38-32 on Monday.

The Holland freshmen led at the first quarter 11-8, but Benton Harbor outscored the Dutch 10-5 in the second period to build an 18-16 halftime lead.

Holland managed to draw within one point by scoring 14-13 over the Tigers in the third stanza, which ended 31-30. Two quick buckets by Tom Overbeck put the locals ahead to stay as Holland scored 11 points to six for the Harbor at the final bell.

Overbeck with 17 and Ronald Van Dyke with 16 led Holland scoring. Bill Japiga, Jim Vander Pool, Bob Van Wieren and Keith Ter Beek turned in creditable jobs. Sheridan Shaffer and Norman Witteveen also saw brief service in the tight game.

Next game for the Dutch frosh is Jan. 21 at Grand Haven.

The eighth graders racked up their second win in three starts Monday night at Waukazoo. The little Dutch finally pulled ahead in the rip and tuck game in the closing minutes. For Holland, Les Overway with 16 and Harry De Vries with 10 points led the scoring. Jim Meuser was high for Waukazoo with 14 and Roger Ramsey scored nine.

The eighth graders next play at home on Jan. 23 against Grand Haven. A game slated with Grand Haven Tuesday was postponed until Feb. 13.

## Zeeland Rallies To Defeat Lee In Final Period

ZEELAND (Special) —Zeeland high school came from behind in the last two minutes of play to nose out Lee high 46-44 in a non-conference basketball game Tuesday night at Lee.

The Rebels led all the way until the final two minutes when the Chix pulled out to notch their sixth win in seven starts and second over Lee. Score at the quarters was 14-7, 21-17 and 36-31, all in favor of Lee.

Commanding the backboards and using a fast break effectively, Lee took advantage of a shoddy Zeeland first-half performance to build its lead. Coach Joe Newell's charges played on a par with the Rebels in the last half.

Divided scoring pointed the way to victory. Allen Kraai had 13, Dave Kuyers 12 and Del Komejan 11 to pace the Chix. Alvin Meyers had five, Jason Redder three and Ron Wetherbee and Bob Berens one each.

For Lee, Keizer was tops with 15, followed by Vander Wiede with 11.

## Grandstanding...

by Dick Millman

Records fell like autumn leaves Tuesday night in the Hope-Kalamazoo thriller.

The 196 total points bettered the single game record for the Armory, set last year when Hope trounced Albion 93-91. The 104-point Hope total is a new high, upping the 100-point mark reached against Ferris last season and Olivet this year. The 104 points also are believed to break the record for the league game in the MIAA.

The outstanding first quarter scoring of 71 points sets a new record. Hope, on the bottom with 35 points, bettered its single quarter scoring of 34 points, reached against Albion last week.

On the other hand, a look at the records indicates that only 18 years ago, back in 1935, Kalamazoo defeated Hope 18-16.

Coach John Visser, now in the driver's seat as far as the MIAA race is concerned, credited victory

to "a tremendous team effort." He pointed out the balanced scoring—Hendrickson 20, Jacobson 18, Bolema 18, Bos 14, Visser 13, Brannock 10, Adams 7, Piersma 4—plus reserve strength were the keys to victory.

"It's great to win," Coach Visser said, "especially against a team that's as fired up and hot as Kalamazoo was. There were so many times when the boys could have given up when Kalamazoo hit their hot streaks. But they stayed in there and they came through."

Under Coach Visser and previous mentors, Hope has steadily tried to keep the score under 100 points at various times. But Tuesday, they just couldn't help it. Hope had to score at least 100 to be safe.

Only four men entered the Kalamazoo scoring column, and naturally enough all four had high totals. Gordon Dudley hit on an amazing 15 of 26 shots he took at the basket.

## Maroons at Best In Turning Back Potent St. Joseph

Holland Christian's basketball squad soared to new heights Friday night at St. Joseph to decisively whip the St. Joe Bears, 50-42 in a well played contest. Christian's win, witnessed by a capacity crowd, was its 10th straight of the season without defeat. It was St. Joe's second loss in seven starts.

With the exception of the second quarter, the Hollanders turned in their best performance of the season against the talented Bears. Summing it up, it was the cool, level-headed play on the part of the Dutch, forcing the fast breaking Bears to play their style of game, which accounted for the Maroon victory. Particularly in the pressure moments of the game, and there were many, the locals seemed to operate at peak efficiency.

It would be hard to single out any outstanding ball player on the court for the Maroons, with each player doing his job well. However Ron Nykamp, Dutch forward, turned in one of his best performances of the season to bolster the Dutch when they needed it most. Rich Sharda, substitute forward, also did an excellent job in his "fill in" role periodically throughout the contest.

Dave Schreur and Merle Van Dyke again performed well against the hard pressing Bears, while Ken Scholten and Earl Schipper repeatedly outbounded the taller St. Joe forward wall.

Defensively the Hollanders again were up to par and even better than that against two of St. Joe's big guns, Ted Zupke, 6'5" pivot man and clever Nate Duncan. These two boys, who do most of the scoring for the Bears were throttled by the Dutch to limit them to just 18 points together.

Duncan who specializes in a driving game, was forced to do his scoring from out court, while Zupke could only garner two goals from the foul area.

Christian jumped off to a fast start with their control style and led the host club 8-1 after three minutes of play. They continued to force the play and had moved out in front 15-5 at the end of the first quarter. The deliberate style of the Dutch had the Bears off guard and forced them to turn in a sloppy floor game with numerous passes going awry.

The Dutch took control in the early moments of the second quarter with several costly defensive lapses. Consequently the steamed up St. Joe quint narrowed the count to 15-13 before the Maroons could score.

The Tulsens built up another seven point lead, but blew five points in the last minute and a half of the stanza to hold only a 21-19 margin at intermission.

Coach Ray Haack's Bears took their only lead of the game after two minutes of the third quarter, moving out in front, 24-22. Then midway in the period, the Dutch started their victory drive to once again take a 10 point lead. At the end of the third stanza, it was Christian 38, St. Joe 30.

The upset minded Bears made another determined bid to start the fourth quarter as they closed the gap to 40-37 with six minutes remaining. Then after a local basket and foul shot had given the Dutch a six point margin, the locals went into their rotary tactics. Immediately, the over anxious St. Joe five began to foul, giving the Dutch plenty of chances to score from the foul lane. As it was, the Dutch missed five charity tosses in the last two minutes. Both Scholten and Duncan fouled out in the last two minutes of play.

Once again it was Schreur who paced the Dutch attack with 16 markers, but he was pushed hard by Scholten who netted 14 on some beautiful pivot shots. Center Rantis was high for the losers with 12 points, all coming in the second half. Duncan followed with 11.

The local cashed in on 12 out of 22 foul chances with the Bears hitting on 14 out of 29.

Christian rests next week, meeting Muskegon St. Marys, here on Jan. 20.

## St. Joe Cubs Top Christian Seconds

Holland Christian's reserve squad dropped their second narrow decision of the season Friday night at St. Joseph when they bowed to the Little Bears, 49-47 in a real thriller. Christian's only other defeat was administered by Grand Rapids Christian in overtime.

Coach John Ham's club had an uphill fight all the way but did manage to hold a three point lead, going into the final quarter.

Some sensational outcourt shooting by Guard Jun Buursma kept the Dutch in the running all the way. Buursma connected for 22 points to lead both clubs in the offensive department. Failure of the Christian pivotmen to score a single field goal proved the undoing of the Dutch. They hit on only three points in the entire contest.

St. Joe moved out to a 13-9 lead at the first quarter horn and still led 19-17 at the half. Christian held a 33-30 bulge at the end of the third but faltered in the final period.

Buursma's running mate, John Mulder connected for 14 while Bill Vryhof tallied six. Ed Todd led the Bears with 15 tallies.

## Dedication Scheduled At New Hamilton School

Hamilton's new modern school building, now in use, will be dedicated Friday evening in special ceremonies featuring open house and a program.

The attractive structure, with six sparkling classrooms featuring bi-lateral clear glass and glass block windows, was opened on Jan. 5, following the holiday vacation period.

Friday's dedication program will begin at 8 p.m. in Hamilton Community auditorium, and will feature as guest speaker Walter W. Scott, superintendent of Holland public schools. After the program, there will be a tour of the new school, where refreshments will be served.

All the modern features have been incorporated in the new structure. Classrooms are ventilated and are equipped with sound-proof construction and acoustical tile ceiling. The latest green chalkboards have been installed in all the rooms and there are separate toilet facilities adjoining kindergarten and first grade rooms.

Among the many features are a library for 2,500 books, a teachers' room, work room, well-equipped kitchen and roomy storage facilities. The building is heated automatically with oil and includes a low pressure vacuum steam system. Floors in all the classrooms are of asphalt tile and in the corridors and wash room, of terrazzo. An attractive display case has been placed in the corridor.

## Vows Spoken in Borculo Church

Mr. and Mrs. LaVern Clifford Alderink

Miss Dolores Marie Austhof, daughter of Mr. and Mrs. William Austhof of Borculo, became the bride of LaVern Clifford Alderink, son of Mr. and Mrs. Gary Alderink of Hamilton, Thursday evening, Jan. 8. The double ring wedding was performed by the Rev. Robert Evenhuis in Borculo Christian Reformed church.

The altar was decorated with ferns, candelabra and bouquets of mums, and pompons. Lighted candles were placed in the windows and bows marked the pews. Music for the ceremony was provided by Miss Lois Vollink, organist, who also accompanied Henry Bogard, soloist, as he sang "O Promise Me," "Because" and "The Lord's Prayer."

Given in marriage by her father, the bride chose a gown of white satin and French lace. Style features were the lace mandarin collar, long pointed sleeves, fitted satin bodice with two panels of lace extending from the shoulders to the hemline and joined to form a diamond-shape satin pattern. Lace applique also extended into the formal train of her full satin skirt. Her fingertip veil of English illusion with Chantilly lace edge fell from a seed pearl crown. She carried a white Bible with white chrysanthemums.

Attending as maid of honor was Miss Bernice Elaine Austhof, sister of the bride. She wore an orchid gown of nylon net with embroidered bodice and full skirt with net overskirt. She wore a matching net headdress and pearl necklace and carried a bouquet of yellow and white mums. Bridesmaids were Miss Joyce Velthous and Miss Lorraine Bos. They wore identical ensembles in yellow and carried orchid and white mums. The flower girls, Verna Mae Lampen, cousin of the groom, and Kathy Lynn Austhof, niece of the bride, wore white satin dresses with matching net

headresses and carried baskets of rose petals.

Jerome Alderink assisted his brother as best man. Ushers were Henry and William Austhof, brothers of the bride.

The bride's mother wore a blue dress with navy and white accessories and the groom's mother, a navy dress with light blue trim and navy and white accessories. They had red rose corsages.

At the reception for 102 guests in the church parlors, Mr. and Mrs. Richard Brower were masters and mistress of ceremonies. ## EXIT SENATOR MOODY

Blair Moody has had one of the  
briefest tenures of office in his-  
tory of the United States senate.  
Serving since the death of Sen-  
ator Vandenberg, he had hardly  
had time to get accustomed to the  
routine of his office when the peo-  
ple of the state gave him his  
discharge papers.

Moody's appointment by his pal,  
Governor Williams, was of course  
entirely legitimate politically  
speaking. Although Michigan is  
not normally a Democratic state,  
and although Senator Vandenberg  
had the backing of the vast ma-  
jority of the voters, naming a  
Democrat was normal. Any gov-  
ernor at Lansing would have done  
the same.

It is perfectly true that Blair  
Moody did not begin to represent  
a majority of the people of Michi-  
gan. It is also true that Governor  
Williams knew that this was so  
when he named him. But if a Re-  
publican had become governor of  
a Democratic state by a fluke, and  
if that Republican had the nam-  
ing of a senator, he would cer-  
tainly do what Williams did, even  
though his choice would not be  
representative of the voters of the  
state.

The Williams logic was sound  
enough. He figured that during  
his term in office Moody could  
sell himself to the voters of Michi-  
gan so that they would elect him  
at the polls. An incumbent has a  
tremendous advantage over a can-  
didate of the opposite party who  
first has to defeat opposition at  
the primaries and then has to  
beat the man already in the driv-  
er's seat.

Moreover, Blair Moody is a  
man with a pleasant personality.  
He photographs extremely well,  
he speaks well, he knows the na-  
tional political ropes from years  
of newspaper work in Washing-  
ton. He had just about everything  
in his favor.

Paired with his friend Williams,  
the best vote getter in recent  
Michigan history, he appeared to  
have every advantage. Then came  
the big Democratic convention at  
Chicago, where the freshman sen-  
ator was deliberately given a  
chance to play a major role. That  
was obviously a move to impress  
the voters in Michigan so that  
they would get the impression of  
his being a man of national cal-  
ibre.

But unfortunately it misfired—  
for Moody. He came out of the  
Democratic convention with a re-  
duced rather than with an in-  
creased prestige. And in the elec-  
tion the Michigan voters let him  
know that they are still in the  
Republican column.

So now it's exit for Blair Moody.  
The senatorial incident was a big  
gamble for both Williams and  
Moody, and it failed.

## Sunday School Lesson

January 18, 1953  
From Vision to Service  
Matthew 17

By Henry Geerlings

The event of the transfiguration

is recorded in the three gospels.

The express object for which Jesus

went apart into a high mountain

with Peter, James and John was

to pray. It was a prayer meeting.

This gives us a significant side-

light. It would be natural that

Jesus would express a reason for

this special retirement to the

mountain top with these three

men, who for some reason consti-  
tuted what might be called today  
a secretarial staff or inner circle.

There was nothing misleading in

the announcement of this reason

because certainly this was one of

their objects; the main purpose in

many a retirement previous to this.

It is a fact, that when we go apart

to pray more things may happen

than we had planned. In line with

our praying and in proportion to

our faith, it is always possible in

a life of prayer, that there may

come other unscheduled heavenly

favors or supernatural events.

The mount was the scene of re-  
velations that day. It witnessed therevelation of Christ's inner glory,  
of His relation to the Father, ofHis relation to the dead, of His re-  
lation to the burden of the world'ssin and by what method He was  
to get rid of it. Perhaps the im-  
mediate benefits of the transfigura-  
tion to the three apostles was notgreat, for the glory dazzled them and  
the announcement of death by the  
cross mystified them. But what  
they witnessed became the subject  
of thought and discussion for all  
the years following.

From the human point of view of

the disciples, the transfiguration

of Jesus was the climactic evidence

of His glory and deity. Considering

their background, it was too much

to expect them to be able to recon-  
cile the Jewish Messiah with the

scene of heckling and obstruction

which they had witnessed only re-  
cently, as they had walked with

Jesus. To be sure, there had been

great miracles in recent months

like the feeding of the five thous-  
and, and there had been a popular

movement at the time to make

Jesus a king, but there had also

been the carpenter Pharisaees and

Saducees, and an open accusation

from the scribes that Jesus was  
acting contrary to the laws of their  
religion.In the face of these experiences,  
the transfiguration scene was tostrengthen the faith of the disciples  
in Jesus as the Messiah.

The three disciples were too tired

to appreciate what had happened.  
The situation did not strike themseriously. Sleep would have been  
more welcome to them than the  
appearance of these two men. But

when Peter aroused himself and

took as much of the situation as  
he could he was moved to say  
something. He was afflicted that  
way often. Many times he spoke  
before he had time to think care-  
fully of his words. He saw the twomen with Jesus. He burst forth  
with a strikingly true statement.  
Just how good it was he did not  
quite understand. To be whereJesus shows His glory is certainly  
a good experience, a privilege  
to be coveted. But Peter rambled  
on not knowing what he was say-  
ing and rather spoiled what he  
had said at first.His proposal of the three booths,  
to be made out of the boughs of  
trees for their protection during  
the night, was not well thought out.  
He jumped at the conclusion. He  
did not wait to think. He lost his  
balancing reason. He just spoke  
out what happened to come. It for  
the time made him rather ridicu-  
lous. Luke tries to explain his folly  
by saying that he did not know  
what he was saying.

At the foot of the mountain an

entirely different scene greeted the  
Lord and these three men from  
that which they had seen on the  
mountain top. It is a picture of the  
suffering of mankind without  
Christ. Here was a great multitude  
and among them a specially pit-  
iful case, a child under the power  
of Satan. This evil spirit often  
caused him to scream, that he  
tore him and caused him to foam  
and that he bruised him before de-  
parting for a season. It was a  
praying father who brought the  
child to the Lord and made sup-  
plication for him. Jesus rebuked  
his lack of faith, but perhaps he  
felt justified in his fears. Had not  
the disciples done their best to cast  
out the evil spirit?

And so we have here at the foot

of the mountain also the powerless

disciples. In the absence of Christ  
they had done what they could, but  
in vain. The evil spirit refused to  
obey them. Into this scene came  
the powerful Christ.Why had the efforts of the dis-  
ciples been in vain? They had  
wrought miracles of similar nature  
in other places, why did they fail  
here? Jesus' answer is very sim-  
ple. The reason is unbelief. It is  
because of our unbelief that Satan  
and the world have so much power.  
Nothing is impossible to him who  
believes. Faith can and will re-  
move mountains of hindrance out  
of our way. Why then do we have  
so little faith.

## Warns of False Photo 'Studios'

The Holland Chamber of Com-

merce, through Secretary-Man-

ager W. H. Vande Water today

issued a warning to local citizens

to beware of a minority of photo

'studios' which practice deceptive

methods of business.

"Photographers are artists,"

Vande Water said, "and depend

on their skill and fair dealing to

hold a permanent place in the

community. Although the major-  
ity of those engaged in portrait

photography are honest, there are

a number of opportunists in the

field who resort to unfair and de-  
ceptive practices."

He listed the "frame-up" among

the more deceptive practices. In

this scheme the photographer's

cannvassers secure orders quoting

a reasonable rate for photos but

also committing the customers to

purchase a special type frame, at

a fancy price.

"It's down in the small print,"

Vande Water said, "which most

people don't trouble to read."

Miss Shirley Ann Miller

Mr. and Mrs. F. D. Miller of

897 West 32nd St. announce the

engagement of their daughter,  
Shirley Ann, to Richard Rossiter,son of Mr. and Mrs. Ernest Wat-  
son of Rochester, N. Y. Mr. Ros-  
siter has been attached to theCoast Guards in Holland for three  
years. He was discharged Friday.

Acclaimed by safety experts as one of the most  
effective methods of accident prevention is the  
system of adult patrols at the vital intersections  
in Zeeland. For some time mothers have been  
standing watch at the corners during the hours  
when children are traveling to and from school.  
However, Chief of Police Jim Flint has empha-  
sized the need for more volunteers to aid on im-

## Zeeland Mothers Guard Vital School Crossings

Standing on a cold street corner

is not what might be called a

pleasant task, but a group of Ze-  
eland mothers have been doing itfor several hours a day since the  
opening of school after the Christ-  
mas vacation.

The mothers are part of the

Adult Mother's Patrol which has  
been formed to watch the vital in-  
tersections during the hours whenthe youngsters are going to and  
from school. The idea has beenapproved by Chief of Police Jim  
Flint who has been taking an ac-  
tive part in the promotion of safety  
in Zeeland.Every morning, noon, and after-  
noon these mothers stand on the  
corners, providing a safety factorthat exceeds that possible when  
student safety patrols are used. At  
present, four corners are watched  
by adults, with plans for a more  
extensive program waiting only for  
more volunteers.

The safety campaign received a

big push several weeks ago when  
the Kiwanis Club appropriated  
more than \$100 for the purchase of  
additional safety equipment. The  
club also promised more money  
to members of the school safety pa-trool for awards to members of the  
school safety patrols who perform  
outstanding service.

But the important thing about the

Kiwanis club's move is not as  
much financial as it is an indica-  
tion of the interest and desire onthe part of the whole community  
to prevent a repetition of tragic  
accidents in the city.

In addition to Mrs. Chris De Witt

and Mrs. Cornelius De Vries pic-  
tured above at State St. and Wash-  
ington St., Mrs. Marvin De Jongecovers Colonial St. and Washing-  
ton St., Brownie Mulder is on Cen-  
tennial St. and Washington St., and  
the police department covers the  
busy State St. and Washington St.  
intersection.

Members of the special Kiwanis

club committee that will take  
charge of the project are Howard  
Bouwens, Wes Faber, Al Geerlings,  
Bill Swihart, Al Bensinger and  
Ray Karsten.The project is one of the first of  
its kind and for that reason par-  
ticular efforts are being made to-  
ward making it successful. Mothers  
or other adults interested in volun-  
teering can make arrangements by  
contacting Chief Flint.

## Further Study In Prospect for School Planning

### Board of Education Sets Meeting With Planning Commission

The Board of Education is conducting a further study on over-all planning for public school expansion as the result of further conferences with city leaders and representatives of the planning commission.

The board engaged in an informal discussion at its regular monthly meeting Monday, and it appears there may be several changes in the five-point plan presented in November, particularly in selection and development of sites of both elementary and secondary schools.

No action was taken Monday. The board plans a meeting with the city planning commission within the next two weeks and may take action at a special board meeting following the regular monthly informal meeting Jan. 26. Subject at the informal meeting will be "Religion in the Schools" with Trustee Lester J. Kuyper as chairman.

Supt. Walter W. Scott also issued a report on school finances, entitled "Financial Confusion" in which he explained payments of sales tax allocation, primary school interest, and state aid payments. His report was a follow-up of an oral report last month in which he said there was no immediate cause for concern on local school finances, but Holland will probably be borrowing money like many other cities in the state before the school year is over.

"As of Dec. 31, the schools had \$140,498.29 on hand in the general operation fund of the district. Sending school districts owe \$82,950 in high school tuition. Local schools may reasonably expect about one-third of the expected state aid which will amount to \$75,000. Sales tax to be received yet this school year will amount to \$46,000. Other than some small miscellaneous receipts, no other revenues are receivable.

"Accordingly, we have somewhat less than \$350,000 to finish the rest of the year. With monthly expenditures amounting to approximately \$67,000 and with \$58,000 to be set aside into the Reserve Building fund, it appears that we may need \$100,000 to finish the year. There will, no doubt, be ways for the board to use other school district funds until such time that summer taxes become available. Thus the cost of borrowing may be avoided," the report read.

In other business, the board

authorized hiring Drs. Otto Yntema and Tom Herrick of Kalamazoo to assist in the study of junior and senior high school programs, particularly in view of expanding the facilities in the near future.

The administrative report to the board also revealed that several persons in the Lincoln, Washington and Longfellow districts have been approached in regard to selling their property in the school expansion move.

The report also included further enrollment figures from kindergarten through the sixth grade from the present school year through 1957. The table listed a total of 1,443 in 1952-53 and an estimated 1,778 in 1957.

The board approved a recommendation of the committee on teachers designating Earl Borlace as visiting teacher for both Junior and Senior high schools. He will continue his work in guidance at Junior high and will be relieved of his work in shop.

To take his place in shop, Homer C. Fry was approved to teach shop and conduct some study halls in Junior high school. A resident of Kalamazoo, the new teacher is 22 years old, is married and has one child. He attended Godfrey-Lee high school in Grand Rapids, Grand Rapids Junior college and Western Michigan college in Kalamazoo from which he is scheduled to receive an A.B. degree this month.

The board also approved hiring Mrs. Lloyd Miles of 582 Howard Ave. to work in the Junior high school office, starting work Jan. 19.

The board approved the wording of a plaque which will appear on a new marker at the approach to the Albert C. Keppel school forest on Lakewood Blvd.

Mrs. John K. Winter was appointed a delegate to attend the convention of the National Association of School Administrators at Atlantic City, N. J., in February. She will attend with a woman teacher to be designated later.

Trustees also are planning to attend a one-day session of the Michigan Association of School Board members in East Lansing next Monday.

Claims for December totaled \$65,537.93 of which teachers' salaries amounted to \$43,073.91.

All trustees were present with the exception of Trustee Wendell A. Miles. President Jay L. De Koning presided. Mrs. Kenneth De Pree gave the invocation.

## Annual Reports Are Submitted To Supervisors

GRAND HAVEN (Special) — Annual reports of county officers and departments were submitted at the first meeting of the January session of the Ottawa County Board of Supervisors Monday afternoon.

Among reports submitted were those by the health department, register of deeds, sheriff, county clerk, county treasurer, probate court, county agent (juvenile division), adult probation officer and friend of the court, West Ottawa Soil Conservation district, and the Department of Social Welfare. The reports, mostly financial in nature, ranged from single pages to 17-page reports.

Mayor Harry Harrington of Holland introduced James E. Townsend, city attorney of Holland, who automatically becomes a member of the board succeeding the late Orin S. Cross. Chairman Clarence Reenders welcomed the new member.

A communication from W. H. Nestle, state jail inspector, dated Nov. 25, commended Sheriff Gerald Vanderbeek in maintaining a clean and sanitary jail.

A report from the Abstract committees stated that in view of continuous increases in rates charged by the abstract offices in Ottawa county, recommended a thorough study should be made to determine the advisability of organizing and operating a county-owned abstract office. The report showed that rates in Ottawa are considerably higher than those charged by Kent county which is county-operated. Serving on the committee are Henry De Ridder of Port Sheldon, William Cook of Holland and Richard L. Cook of Grand Haven.

Fifteen reservations have been secured for supervisors who desire to attend the annual meeting of the Board of Supervisors in Lansing Jan. 27, 28 and 29. About 12 local supervisors have expressed intentions of attending the meeting. Reservations are at Olds hotel.

Hunter Hering, former board member from Crooktown township, stopped in to renew old acquaintances and meet the newcomers.

## Highway Patrol Discussion Sparks Supervisors Meet

ALLEGAN (Special) — An attempt to justify their stand on the subject of funds for a county highway patrol was tossed right back to the Board of Supervisors Monday as the January session opened.

Fred Buhler, Salem township supervisor, asked Prosecuting Attorney Dwight Cheever "what good would a road patrol be as long as the courts don't follow through?"

Cheever said he assumed that Buhler was referring to negligent homicide cases which either resulted in acquittals or light sentences. He said that in three of the five negligent homicide cases he prosecuted during his first year, three were acquitted by juries. And he pointed out that supervisors choose the persons who serve as jurors.

"It's apparent," he said, "that an Allegan county jury won't convict a person for something they themselves might do in a careless moment." He indicated that in all of the cases the investigation had been complete, the prosecution diligent and the judge's charge clear.

Alfred Warnement, chairman of the board, got into the discussion later by charging that the press had been unfair in reporting out that the board never has actually voted on the question of funds for a road patrol and that the proposal has never been presented in accordance with the board's rules. He admitted however, that a highway patrol had been recommended by Sheriff L. A. Johnson and other officials on several occasions. "But never as an official proposal, you understand."

Warnement also took exception to local news stories which claimed that Allegan's traffic death rate in 1952 was higher than other counties in Southern Michigan.

Ben E. Lohman, (R-Hamilton) reported on new legislation and the prospects for the current session of the legislature.

Communications took up most of the remainder of the two-hour meeting.

Sheriff L. A. Johnson was commended for the condition of the county jail in an inspection report from W. H. Nestle of the Corrections Department. The report indicated that the jail seemed cramped for office space and a room in which prisoners could be questioned. Enclosure of the jail porch was suggested.

Uniforming of deputies was also suggested in the report. It was referred to the county buildings committee.

Several letters acknowledged receipt of the board's resolution which asked the state highway department for a review of plans for paving US-131 in Plainwell. Highway Commissioner Charles Ziegler was puzzled by the resolution. "I find it difficult to understand," he wrote, "what the county has to do with the matter."

He said his department had been dealing with the City of Plainwell. Another state official was puzzled by an action of the board. Correction Commissioner Earnest C. Brooks acknowledged receipt of a resolution opposing establishment of a conservation-corrections camp in the state forest area. He said he didn't understand the need for the resolution as the commission has not changed its policy against establishing such camps in communities where they are not wanted. He said the commission had long ago abandoned any plans for a camp either in Allegan or Barry County.

Chairman Warnement reported that he had been informed that the county had ended the year with \$46,000 left over from the 1952 budget.

## Science Made Practical In Literary Club Talk

Interesting stories, a few experiments and a display of fabrics and other synthetics developed in the field of chemistry provided an unusual program for the Women's Literary club Tuesday afternoon.

From detergents to synthetic sponges to clicking Geiger counters to test radioactivity, Dr. Henry D. Hinton, professor of chemistry at the University of Notre Dame, made chemistry an interesting down-to-earth subject for women who might ordinarily shrink from the subject as too difficult and complicated.

His "Headlines in Science" talk took him from his first chemistry course in a small college in Illinois to the first world war where with nine other chemists he experimented with poison gases at Fort Dix, N. J., and then to teaching positions at Michigan State college and to Notre Dame where he has been since 1928.

He told of his early experiments under the direction of Father Newman, famous organic chemist, which led to the discovery of a synthetic rubber, a product manufactured by the du Ponts which in time financed a newly completed three million dollar science building.

Another story told how an English chemist through a slight variation in formula changed a wood-fibre synthetic into a synthetic sponge, a discovery which yields him an income of \$100,000 a year of which \$67,000 goes for taxes. Another brilliant student perfected a formula for synthetic logs and briquettes.

with Mr. and Mrs. George Klingenberg at Bradenton.

Mr. and Mrs. John Grissen left shortly after the holidays for a vacation trip to Florida. Other local families are planning trips to the South within a few weeks.

Mr. and Mrs. John Haakma and daughters visited many interesting places during their southern trip, including "The Little Whitehouse" at Warm Springs, Ga., Rock City on Lookout Mountain and the Southern Normal School at Brewton, Ala. They visited several relatives and friends in Florida and also stopped at the oldest city, St. Augustine, at Daytona Beach, Bok Tower, Cypress Gardens, also several celery farms, in which they are interested as their occupation.

## Single Crash Reported Despite Icy Conditions

Icy streets caused only one property damage accident within the city of Holland Thursday.

Cars driven by Gordon Sluiter, 18, of 272 West 21st St., and Egbert Texer, 33, of 68 West 27th St., collided at the corner of 21st and Ottawa Ave., at 7:08 p.m. Thursday. Sluiter was headed west on 21st St. and Texer north on Ottawa Ave.

Damage to the left side of Sluiter's 1941 model car was estimated at \$200 and to the right side of Texer's 1941 model car at \$250. Sluiter told officers when he tried to stop his car skidded on the ice.

Only two other minor collisions were reported in the city, despite the dangers of ice-coated streets.

One of every four Argentinians lives in Buenos Aires.

## Grandstanding...

By Dick Millman

What are those strange sounds coming out to Adrian? Could it be a title threat in the MIAA cage race after the Bulldogs have been doormats so long?

The towering Adrian five, loaded with all kinds of young prospects from various Detroit area schools, showed that it will be tough by dumping highly-rated Kalamazoo college last week.

In addition, the Bulldogs set two scoring records for the school, racking up 84 points against Olivet and then breaking that mark with 92 points against Cleary.

Hope's first game against Adrian was postponed before the holidays because of icy weather. Now, Hope officials are wondering when they'll work in the contest. And also, they are pondering whether the added time will make Adrian tougher than it would have been earlier.

Adrian's six wins this season already assures them of their best season in recent years.

The Detroit Times weekly basketball ratings issued Sunday listed Holland's Christian as top team in class B, with Holland high in sixth spot in A. Leading the A ratings is Flint Northern.

For those fans who may be interested in running down to East Lansing to watch Bob Armstrong perform in Big Ten games with the Michigan State squad, here is the home schedule for the Spartans:

Jan. 19, Illinois; Jan. 24, Northwestern; Jan. 31, Minnesota; Feb. 21, Purdue; Feb. 23, Wisconsin; March 7, Michigan.

Dr. Hinton told the club American women are the best dressed in the world and pay the least for it. He traced the history of the first synthetic fabric (something which led to rayon) in France in 1839, the development of nylon just before World War II, and the newer fabrics of orlon and dacron, with special emphasis on the many advantageous uses of the latter.

From fabrics he went to washing powders, warning that the popular synthetic detergents made from an alcohol base do not soften water—they only make water "wetter" and thereby penetrate greases. He warned people not to use detergents in washing their cars since they only remove the wax put on so painstakingly the month before.

Dr. Hinton launched quite a drade on chlorophyll, saying half of the claims just aren't true. He even said a pink chlorophyll is being marketed which doesn't stain.

In his introduction, Dr. Hinton maintained that the first chapter of Genesis is scientifically correct, and there is no conflict between science and religion.

Mrs. Garrett Vander Borgh, club president, presided. She announced a meeting of the Civic Health committee next Tuesday at 10 a.m., a meeting of the Garden club Thursday at 2 p.m. in Hope church, and the series on "World Affairs Are Your Affairs" which opens Jan. 20 in room 8 of Junior high school. A letter expressing appreciation for club gifts to the Eastmanville home was read.

Another year has passed in Holland, and the Volleys From Ambush column is one year older. Begun as an experiment in 1946, this column has followed a rather irregular career subject more or less to reactions and contributions from our readers. By and large, comment has been complimentary and the remark heard most often is "Why doesn't Volleys appear more often?"

Generally, we of the news staff aim to run this column once a week and on one rare occasion managed to get it in three times in one week. Mostly the trivia in and about a town the size of Holland is not so abundant that there is an easy flow chit-chat that lends itself well to column quips.

If you know of any little incidents that would look good in this column, let us know. It's your column too, you know.

For the first column in the new year, let's review a few yarns we ran the past year. Here are a few of the quips we thought worthy of reproduction.

The biggest thing of 1952, of course, was the national election and the incident and anecdotes in connection with the big event would fill volumes.

Miss Bernice Bishop is superintendent of the youth department. Teachers in the junior high section are Mrs. Kenneth De Pree, Mrs. Marian Stryker, Mrs. Richard De Witt and Larry Gauder. Senior high class teachers are Randy Bosch and Jack Daniels.

Miss Elsie Stryker, Hope church director of religious education, led opening devotions. Previews of the year's work were given by Miss Bishop and Randall C. Bosch, superintendent of the entire Sunday school. Dr. Marion de Volder, pastor, presented his observations and suggestions for work in the department.

Parents and teachers divided into two groups, with Miss Bishop in charge of the junior high section, and Mr. Daniels, the senior high section. Work for the next quarter was previewed and all teachers took part in discussion with the parents.

Refreshments were served by the hostess after the discussion period.

The visit of Queen Juliana and Prince Bernhard of the Netherlands to Holland April 16 was one of the highlights of the year, and the thousands of persons who saw and heard the gracious queen will long remember the charming lady. The queen spoke briefly at outdoor ceremonies at City Hall where school children sang and klompen dancers performed and again at Hope Memorial chapel where 1,500 persons crowded into every available seat for the informal reception.

Back in March we carried a story about a dog which was ousted from his doghouse while a new-comer took possession with a litter of brand new puppies. It happened at the Yearly Coffman home on Lakewood Blvd. where the dog Spot was crowded out by a sleek black Cocker which gave birth to seven puppies. Later, the excited Coffman children found the dog belonged to a neighbor.

The volleys potshot which attracted the most attention throughout the year was the little gem contributed in August by Junius Wood from his Waukazoo retreat. Wrote Junius:

"The telephone interrupted what had been a quiet evening in the Junius B. Wood residence in Waukazoo. Dialogue was as follows: 'Is this W-O-O-D?' spelling out the name.

"That's right," the spelling being correct.

"Your picture isn't good," in a severely critical tone.

"Sorry, but it's too old to change now."

"The children don't like it," the voice explained.

"What do you want me to do about it?" thinking this was a new baby sitter gag.

A pause followed without the expected advice to turn out the light or go out and look at the moon.

"Is this Wood in Grand Rapids?" becoming more conciliatory.

"No, it's Wood in Holland."

"Is this Wood-TV?"

"No, Wood-JB."

That may have improved the picture. The telephone clicked and the caller was gone.

Perhaps you recall the hilarious story Junius wrote about the
